City unveils historical marker for 'White Way' streetlights

Pictured with the historical marker for Coral Gables' "White Way" streetlights at the corner of Riviera and University Drive are (l-r) Historic Association of Coral Gables board members Jane Maranos, Mary Anne Danguillecourt, Sallye Jude, Dolly MacIntyre, Barbara Tellam Gilbert, and president Karelia Martinez Carbonell. Not pictured are board members Lisa Bennett and Ann Goodman. The unique and one-of-a-kind streetlights were commissioned by Coral Gables founder George Merrick in 1926 as part of the city's "White Way" streetlights project. In 1981, they were designated a local landmark.
